

Engine Identification Codes

The engine number comprises of a series of numbers and letters giving summary details of data such as cubic capacity, ancillaries fitted and the compression type. Of these, the engine serial number is unique to each unit, and you should always quote the prefixes with the engine serial number.

1st Prefix Number	Cubic Capacity
18	1800cc
20	2000cc
25	2500cc

1st Prefix Letter	Engine Series
K	K Series

2nd Prefix Number	Number of Valves
4	4 Per Cylinder

2nd Prefix Letter	Injection & Emission
F	Multi Point with Catalyst

3rd Prefix Code	Injection & Emission
P31	1800cc Manual, Thrifted Catalyst
R61	1800cc Manual, PRT Induction
P32	1800cc Auto, Thrifted Catalyst
P31	1800cc Auto, PRT Induction
R22	1800cc Turbo Manual, PRT
R23	1800cc Turbo Auto, PRT
P48	1800cc Manual, Thrifted Catalyst
P49	1800cc Manual, PRT Induction
P50	1800cc Auto, Thrifted Catalyst
P51	1800cc Auto, PRT Induction
L28	2000cc Service, Calinova O/C, Pencil Coils
P52	2000cc Service, Plate OC, Pencil Coils
P53	2500cc Manual, Pencil Coils, Non Air Assisted Injectors
P54	2500cc Auto, Pencil Coils, Non Air Assisted Injectors

3rd Prefix Code	Injection & Emission
P55	2500cc Manual, A/C, Pencil Coils, Non Air Assist Injectors
P56	2500cc Manual, A/C, Pencil Coils, Non Air Assist Injectors
L24	2500cc Service, Calinova O/C, Pencil Coils
P57	2500cc Service, Plate OC, Pencil Coils
P58	2500cc Manual, A/C, Pencil Coils, Non Air Assist Injectors
P02	2500cc Manual 190PS, +40°C Service, A/C, Calinova O/C, Pencil Coils
P60	2500cc Manual 190PS, +50°C Service, A/C, Pencil Coils
P59	2500cc Auto A/C 190PS, Pencil Coils, Non Air Assist Injectors
P53	2500cc Manual 160PS, Pencil Coils, Non Air Assist Injectors
P55	2500cc Manual A/C 160PS, Pencil Coils, Non Air Assist Injectors
